2021

## THANK YOU!

Thank you for attending the  
**4th Annual Triple Play DBE Networking Event**  
On Monday, June 7, 2021!

It was a successful event, and we are getting great feedback from many who participated.

As a special thanks for registering AND attending, we would like you to have this FREE gift. This listing contains contact information collected through the online registration process.

We hope the connections you made, and the information provided during the learning breakout sessions create multiple paths to continuous growth.

### TRIPLE PLAY DIGITAL COORDINATION

Thank you **Sheer Edge Team** for supporting the Triple Play event through your digital event management & marketing expertise.

You made the transition from face to face to digital easy!

**Jo Ferreday | Managing Director**  
**Jo.ferreday@sheeredge.co.uk**

All the best in your endeavors,

**The Bellewether Team**

On behalf of the Missouri Department of Transportation  
and COMTO KC

**DID YOU KNOW AS A DBE FIRM, YOU CAN GAIN ASSISTANCE  
FROM BELLEWETHER FOR THE FOLLOWING BUSINESS BUILDING SERVICES?**

<b>Mentor / Protégé</b>	MoDOT’s Mentor/Protégé Program is for mentoring firms to provide assistance and training to protégé DBE firms to enhance those firms’ business and technical capabilities, and achieve increased capacity. The ultimate objective of MoDOT’s Mentor/Protégé Program is to develop DBE firms that are capable of participating in the highway construction industry.	Bellewether seeks Prime mentors that are interested in creating a mentor/protégé relationship with ready DBE firms.
<b>Entrepreneurship Training Program</b>	The MoDOT Supportive Services Entrepreneurial Training Program is designed for DBE owners, anticipating future success in building business skills and knowledge in specific and measurable areas.  Bellewether utilizes our <b>DBE Executive Roundtable</b> as a platform for this training. We also provide each participant with a business operations assessment called FLITER® which informs the owner how to prioritize operational development and capacity building.	Bellewether is always recruiting for participants for the Executive Roundtable. Each year we offer a Spring and Fall Roundtable opportunity. Selected owners will gain valuable input, knowledge and skills to increase capacity in their business.
<b>DBE Seminars and Networking Sessions</b>	Throughout each year, Bellewether provides at least two seminar/networking sessions open for all DBEs. There is typically a registration process to participate, but certified DBE firms can attend as many as desired.	The DBE Triple Play Networking event is one part of this component of services.
<b>DBE Business Coaching Programs</b>	Need specific assistance in a business area? Certified DBE firms can gain insights, knowledge, answers and more through one-on-one business coaching from a Bellewether consultant.	Bellewether provides one-on-one coaching and assistance to help DBE owners overcome challenges and gaps along the way.
<b>DBE Workshops &amp; Networking for Graduates</b>	Once a DBE firm has completed the Executive Roundtable, they can participate in workshops and networking for graduates. Various topics are offered.  One example of this includes Harnessing the Power of Technology, Parts 1 and 2—examining how technology can increase efficiency and bottom line performance.	Bellewether determines topic offerings based on knowledge gaps discovered throughout interaction with DBE owners.
<b>DBE Technical Assistance</b>	Have questions about technical issues in the business process? If we don’t have the answer—we will help you find someone who does.	Bellewether utilizes internal and external resources to address technical issues.
<b>DBE Advanced Contractor Training</b>	Advanced programming for those DBEs who have experience working with MoDOT either as a Prime or Subcontractor.	Bellewether determines topic offerings based on knowledge gaps discovered throughout interaction with DBE owners.

DBE Firms in Western Missouri can take advantage of the MoDOT DBE Supportive Services listed above by contacting **Bellewether, Ltd. 816.554.9400.**
